---

Luis,

here's the access request that I sent to the City of Midland. I'll forward the City's reply in a separate email. Thanks.

Subject: West County Road 112 Superfund Site

Gary,

as discussed, the attached file has the proposed well locations (red circle) for the City of Midland right-of-ways. The proposed well locations that appear to be in the city right-of-ways are along West County Road 110 (2 locations south of I-20) and along Gist Ave (4 locations) and what I believe is East Industrial Loop (1 location). I am also attaching a file with a diagram of the general well construction information. Thanks for your help.

*(See attached file: chromium\_north\_rev1\_citymw.pdf) (See attached file: Example Monitoring Well 1.pdf)*
